### OBJECTIVE

To obtain a challenging position as a BCA fresher where I can utilize my technical skills, knowledge, and passion for computer applications to contribute to the success of the organization. I have technical proficiency, problem solving skills, ability to adapt to latest advancements, team collaboration and attention to detail. I aim to enhance my abilities, gain practical experience, and grow professionally while working in a dynamic and innovative environment. My goal is to leverage my academic background and demonstrate my dedication to becoming a skilled professional in the field of computer applications.
